It is imperative that you and your group WORK TOGETHER to solve the driving question. These are some of the elements of a successful group.

I want you to think about a successful group you have been part of during your life. It could be when you were on a basketball team, during a group project for school, or any other time you had to work in a group. What made this group, a successful group? Identify 3 of the main elements of this group and record them on the lines below. After you have identified a key element, write down WHY you think your element is important to having a successful group.
